# What is The EcoGala Tribute Journal

This online journal will not only give our donors an opportunity to share their support with others but will decrease the administrative burden and paper waste of creating a print journal.

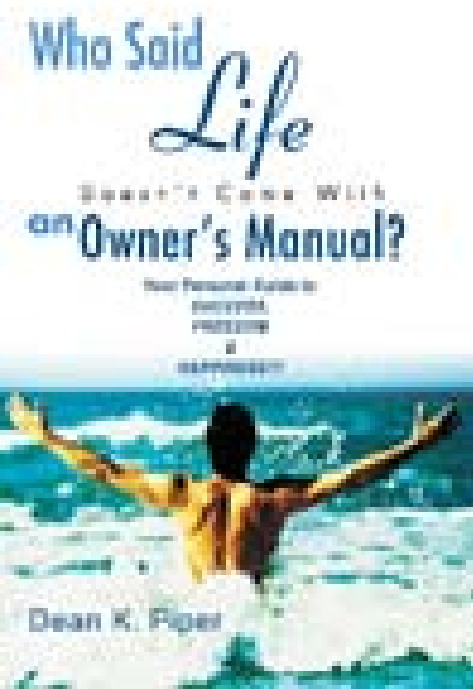

All of us at Santa Monica Baykeeper challenge ourselves everyday to find new and innovative ways to raise more fundraising dollars. Through this online journal our friends and supporters can embrace the advantages of state-of-the-art technology by using the internet as a vehicle to advertize and promote their support for the environment.
